EXPERTISE

HTML & CSS

- Proficient in creating structured, semantic, and visually appealing web pages with HTML and CSS, focusing on usability and accessibility.

Bootstrap

- Skilled in using Bootstrap to design responsive, mobile-first websites with modern UI components and grid systems.

JavaScript

- Experienced in writing dynamic, interactive features for web applications, including form validation, animations, and API integrations.

Python

- Expertise in Python for scripting, automation, and backend development, emphasizing clean, maintainable code.

Python (Flask)

- Adept at building lightweight, scalable web applications using Flask, integrating APIs, and handling backend processes.

SQLAlchemy

- Proficient in ORM techniques with SQLAlchemy for database management and seamless interaction between Python applications and databases.

SQLite

- Skilled in using SQLite for lightweight, efficient database solutions, suitable for small to medium-scale applications.

Automation

- Expertise in automating repetitive tasks using Python tools like Selenium, saving time and improving efficiency.

Office Management

- Experienced in managing and automating office workflows, including data handling, reporting, and task scheduling.

Responsive Web Design

- Capable of designing websites that provide optimal viewing and interaction experiences across all device sizes.

PROJECTS

Pricing Page for Subscription Services

- Created a user-friendly pricing page with dynamic plans and backend integration using Flask.

Image Downloader App

- Developed a tool to download images from URLs, preview them, and display responsive previews.

Video Downloader Tool

- Implemented video downloading capabilities with multiple quality options.

Picture Resizer Website

- Designed a drag-and-drop tool to resize images, supporting multiple file formats and custom dimensions.

Portfolio Website

- Created personal and client portfolios showcasing expertise and achievements in web development.

E-commerce Website

- Designed an e-commerce website with full functionality and mobile-friendly design.
